

EyeTV

EyeTV allows you to view through your video projector, broadcasts sent to you through the Video Distribution System. This replaces your TV.

1. Go to your Applications folder in the Macintosh HD and open EyeTV. If you are asked for an Admin password contact the BST.

2. The EyeTV controller will open along with a viewing window. You will be viewing the channel the controller is set on in this window. This controller is currently set on channel 12. Click on the arrows to the left or right of the number 12 to change the channel.

3. Choose View in the top menu bar to change the size of the viewing screen.
